

EMPOWER YOUR COMMUNITY'S YOUNG CREATORS WITH STORY TOOLS!

How will Story Tools change how your community's kids engage with your library space?

You're able to build on those in-person author and illustrator visits you already host. Because the Story Tools program includes so many awesome creators, they're available whenever you'd like to work with them again.

Story Tools is SUPER flexible and designed to complement those myriad of after-school, weekend and school holiday programs that you already run. With a special creative focus for each activity, you'll have endless program possibilities!

Story Tools will have your books flying off your shelves as your young creators' imaginations take flight searching for inspiration!

Get in touch with our friends at storybox@bennett.com.au to sign up for this amazing opportunity.
