Community Collection Manager (CCM)

The complete solution for your community

Why CCM?

The *Community Collection Manager* (CCM) works like a visual marketing tool for your library, delivering a web-based engagement module that fully integrates with your LMS. Patrons never have to leave your OPAC to view and recommend the cream of the crop of forthcoming titles across all genres. This fantastic tool also supports request and reservation management, delivering total control over request selections, reservations and budgets.

Browse titles

Features include

- Web-based application launched from your council or OPAC website
- Pre-published *publisher* and *media highlight titles*
- True patron authentication

- Live *Title availability* check on your OPAC before placing reservations or requests
- Reservation hold service direct to OPAC with patron barcode
- Patron order carts

Benefits include

- Greater community engagement
- Your patrons become part of the decision making process

- Visual marketing tool for your library
- Quicker search and request process for your staff and your community
